Date : 18th October 2018

Dear Principal,

It is a pleasure to interact with you and the school children through this letter on the eve of the festive season.

Air Pollution affects the health of all people. During Diwali, the pollution levels increase manifold due to bursting of fire crackers/fireworks. The Department of Environment, Govt. of NCT of Delhi organizes Anti-Fire Cracker campaigns to control Air and Noise Pollution every year. Children play a major role in the success of this campaign.

The Eco Clubs in schools/colleges always played an important role in the Anti-Fire Cracker and other environmental campaigns. The **"NO USE OF FIRE CRACKERS"** campaign may be spearheaded by your Eco Club through Nukkad Nataks, Padyatras, Expert Lectures, Workshops etc. involving children of your school.

Let us reach out to the citizens of Delhi through your activities and make the Anti-Fire Cracker campaign a huge success.

The Delhi Government wishes a safe and Happy Diwali.

(MANISH SISODIA)
