BEYOND THE STATE BOUNDARIES

Garima Gupta (IAS), Director, Higher Education

State level Kala Utsav for school students was organized on the theme "Ek Bharat Shreshtha Bharat" (EBSB) depicting the state of Sikkim in Delhi. EBSB scheme, an initiative of Ministry of Human Resource Development, is a novel approach to create an environment which promotes learning between states by sharing best practices and experiences. The aim is to showcase the rich heritage and culture, customs and traditions of other states for enabling people to understand and appreciate the diversity in India. This exchange programmes underscore the unity of cultures while celebrating diversity. Under the scheme, NCT of Delhi has been paired with Sikkim for the year 2016-17.

The Utsav promotes art in education by nurturing and showcasing the artistic talent of school students at the secondary stage in the country through music, theatre, dance, visual arts and crafts. Over 4235 students from 750 schools participated in the competition. Out of these, 547 were from Government schools, 41 Government aided and

SINGING TALENT: Visually impaired students performing

162 private schools. The competitions were organized at the school, district and zonal level for the past two months. The state level winners from here will participate in the national level competition at Bhopal in the first week of January 2018. Deputy Chief Minister Manish Sisodia, impressed by the vibrant performance and classic art work, encouraged the students to pursue art in some form or the other. He said, "Art enables one to overcome the problems in life with much ease".

"Sense of belongingness, cleanliness, discipline and respect for law, dignity of labour and connecting with nature by the people of Sikkim has impressed me a lot. Students and SMC members do "Shramdan" contribution in schools to develop dignity of the labour among the students. It also helps the students to opt for the traditional professions like agriculture and tourism services." Mandeep Kumar (Delhi teacher)

ADMIRING ART: Dy CM at Kala Mahotsav

Education Secretary addressing the Kala mahotsav said that art and culture enables one to overcome the struggles in life. "Students get an opportunity to express their talents at different forms, which keeps them motivated to achieve the goals in life", she said.

All educational institutes

in Delhi under School and Higher Education carried out a variety of cultural activities to connect with Sikkim this year as a part of EBSB and similar activities were reciprocated at Sikkim's end. A ramp walk was organised at Keshav Mahavidyala, wherein students showcased the tradition and culture of all north-eastern states in their traditional colourful attires. The pretty faces and the silken attire lit up the event. Ramp walk was followed by an inspiring traditional Bihu dance performance from the state of Assam.

Acharya Narendra Dev College formally opened up "The North-East Cell" of the college where Dr K Ratnabali, delivered a talk titled "Promoting respect for diversity and role colleges can play". A short cultural event was also organised on this occasion wherein the ANDC students hailing from the NE presented group songs and other performances.

North Eastern Students' Welfare Committee was constituted at Shaheed Sukdev College of Business Studies to carry out several activities like essay competition, folk dances, quiz, 'photo walks' and audio visual exhibition to sensitise the students and general mass about Sikkim.

"The experience we had at SCERT, Delhi widened our perspective on the role of a teacher. What they shared about Chunauti 2018 was inspiring. Indeed a great leap taken towards bringing about a positive change in the teaching and learning process. Selection of 200 Mentor Teachers and knowing about their role and responsibilities gave a sense of having the ability and potential to be the Change Makers. Definitely an exchange worth making!" Yangkila Lama (Teacher from Sikkim)

Delhi Teachers visit to Sikkim

Twelve teachers from each district of Delhi made a visit to Sikkim in August after their teachers' visit to Delhi in July, 2017. The delegation was welcomed by offering beautiful traditional "Khadas". The way to different places in Sikkim was long but very beautiful and ornamented with breathtaking waterfalls, spectacular valleys and magnificent scenic beauty. The group enjoyed the traditional snacks Khabje, Jero, Honeycomb and tea. The members interacted with three major groups of people in Sikkim, namely; Bhutia, Lepcha and Nepalis. Some of the tourist places they visited included; Samdruptshe the 'wish fulfilling hill', Ngadak Monastery, Siddhesvara Dham, Tathagata Tsal and Ralang Monastery.

The group visited Government Girls Senior Secondary Schools at Namchi, Pelling and Kewzing. The School at Namchi celebrates one day of every month as sharing day when, all students bring food from home and share with the classmates. It develops bonding among the students and sense of oneness. The Kewzing School was very green, equipped with organic water filter and vermicomposting unit.

Rajkiya Pratibha Vikas Vidyalaya, Shalimar Bagh has been awarded the "Swachh Vidyalaya Puruskar 2017" by the Ministry of Human Resource Development, Government of India. The school principal Ms Sarita Batra received the award from Prakash Javadekar, Union Human Resource Development Minister at a ceremony held at Kendriya Vidyalaya, Delhi Cantt.

The competition for the award evaluated the school on three different parameters—Excellence in Water, Sanitation and Hygiene. The school was adjudged the best at all the three levels National, State and District. The school has a very well maintained building, an excellent infrastructure and sparkling clean conveniences (toilets and drinking water area).

NATIONAL HONOUR: Cleanliness award

The students feel a sense of belongingness to the school. Each classroom has a class group photo displayed at the entrance making the students proud owners of the room insisting in them a sense

of responsibility towards it. Student volunteers make sure that before and after the school, water taps are closed, classrooms are in order, lights are put off, among other sanitation related matters. Some of the other best practices of the school are:

- The observance of PTM as Matri Pitri Vandan Diwas was symbolic to express the sense of gratitude towards the parents.
- Wall clocks fitted in all the class rooms and labs help the children be aware of the importance of time and opportunity.
- The students of the school go across the school boundaries to connect in the form of rallies and campaigns for spreading awareness in the society and sensitising them.
- Group discussions are organized on various themes to inculcate the habit of speaking out for Class XII students.
- The senior students of the school collaborate with TGELF (The Global Education and Leadership Foundation) and are working towards looking for solution to Global problems such as food shortage, clean water etc.
- The school has a full-fledged NCC battalion with 100 boys and 50 girls involved in social and voluntary activities.
- The school as convener for RPVV Alumni Association organized the Alumni Meet bringing the passed out students back to school and instilling in them a sense of indebtedness towards the society and a feeling to give back to it.
- The school is focusing to prepare not only the class XII Science stream students for competitive exams but also the Commerce and Humanities streams as well by conducting a mock test every month. The question papers for the Humanities stream are prepared in this school.

RETAIL HANDICRAFT MELA

Several Retail Handicraft Melas were organized zone wise for the Government Schools imparting vocational education during Diwali time. This melas provided a platform for the students to showcase their talents, both of the artifacts developed and the marketing part of it.

One such mela was organized at Sarvodya Bal Vidhayala, Krishnanagar on October 13 under CSSVHSE Scheme for RMSA Delhi. The event was an initiative on the part of ICA to bring in students in East Zone under one umbrella and facilitate them to display their skills acquired through vocational education In Retail Trade. Students got an opportunity to sell artifacts they made and products acquired from wholesale market. This helped them to enhance their sales skills, build up confidence, have an industry exposure and gain entrepreneur skills.

On the occasion, students also performed Role plays on organized and unorganized retail system prevailing in the market. The efforts made by students and skills acquired during their training were widely appreciated by all.

ACQUIRING RETAIL SKILLS: Students at SKV ZEENAT MAHAL

School of Vocational Studies at AUD

“The Vocational Programme in Early Childhood Centre Management and Entrepreneurship (ECCME) will address the age group of 0-6 years, which has not been addressed even in the Right to Education Act”, said Deputy Chief Minister Manish Sisodia while launching the School of Vocational Studies at the Ambedkar University of Delhi, Karampura Campus, on October 16. The treatment meted out to our children of this age group has a bearing on the future citizenry which decides the status and prospects of the Nation, he added.

The BVoc degree programmes offered are in Tourism and Hospitality, Retail Management and the Early Childhood Centre Management and Entrepreneurship. The highlights of these programmes are that it has multi entry and multi exit options

WARMTH OF HOSPITALITY: Dy CM, Secretary, Director & VC at BVoc lab

available to the students. The curriculum has been designed in close partnership with industry experts, industry association like Retailers Association of India, sector skill council like Tourism and Hospitality Sector Skill Council (THSC), institutions like the Centre for Early Childhood Education and Development (CECED, AUD), and National Skill Development Corporation (NSDC), Pravah, The Ferdinand Centre, as well as academicians. The curricula of the programmes have been designed keeping in mind the current trends as well as the future scenario to ensure that the programmes are dynamic and relevant for its main purposes — employability and entrepreneurship.

The School of Vocational Studies (SVS), as envisaged, has explored and developed programmes and courses that will provide students with the required academic background and skill-set for meaningful employment once they graduate from the programme. It is hoped that these programmes would enable many of the students to become self-employed, entrepreneurs, creators and generators of job for themselves and for many more educated youth in the society.

In his welcome address, Prof Shayam B Menon, Vice Chancellor, said that there has to be an organic linkage between the City of Delhi and the Ambedkar University. The City has wide heterogeneous population consisting also of semi rural population and there is a need to understand the interface between the students and the job market as well as space for social entrepreneurship. The aim is not to flood the job market but to create job for others as well. The student should not just manage

wealth of others rather they should be able to create wealth for themselves too. The concept of SVS and its three pilot BVoc programmes aim at addressing these concerns.

Ms Punya Salila Srivastava, Secretary, Education, complimented the University for being able to materialise the idea of skill development which the government has been contemplating in the recent past. GGSIPU has developed the vocational programmes in technical fields and AUD has designed the vocational course in the area of social sciences and humanities, she added.

COMMUNICATION THROUGH THEATRE

Acharya Narendra Dev College conducted the ninth batch of short-term add-on course on “Effective Communication and Personality Development through Theatre”. The course started in the month of August, came to an end on October 17 with brilliant and enthusiastic performances by students of the course. This year, the course had 34 students as participants and several eminent theatre personalities as Resource Persons.

The course is inspired by, and seeks to implement UNICEF and WHO’s internationally recognized vision of life skills based education. The course seeks to hone in students skills such as effective communication, dynamic leadership through problem solving, critical thinking and decision-making, ability to think creatively and act confidently through acting, improvisations, performances and scripting, teamwork and interpersonal relationship skills focusing on relationships with the self, friends and family, and society, and self-management and self-awareness building skills through effective conflict management, negotiations and the ability to cope with stress and manage time effectively.

Dr Nivedita Deo, Professor, Department of Physics & Astrophysics, University of Delhi (Member, Governing Body, ANDC) was the Chief Guest at the culmination function. An exhibition was organized in which students showcased their creative and imaginative skills. Students enacted situations given to them on-the-spot by the audience.

Dr Savithri Singh, Principal of the college spoke about excellent performances by all students and how students’ personalities have been groomed through the course during previous batches. Professor Nivedita Deo emphasised that such courses are very important part of education as they let students come out with their inner thoughts and thus improve their creative skills.

SCIENCE & THEATRE: Personality development along with studies

Havells at ITI Pusa

The Directorate of Training and Technical Education (DTTE) on behalf of ITI Pusa entered into agreement with Havells India Ltd. (HIL), one of the leading electrical equipment companies in India to provide hands on exposure and training to the students/trainees. DTTE Director Manoj Kumar signed the MoU with Havells Senior Vice President A V Jagdish at DTTE Hqs.

In line with Delhi Govt's skill up-gradation and skill development efforts, this MoU is yet another step towards bridging the skill gaps and producing the skilled labour force for the industries. Understanding the requirement of the technical institute, Havells is committed to upgrade the infrastructure of the ITI PUSA for the Electrician trade using Havells equipment and conduct Faculty Development Programmes (FDP) for introducing industry relevant knowledge and upgrading the skills of the trainers at the institute. Havells will assign experts to bolster the efforts and support ITI Pusa for up-gradation and smooth conduct of FDPs from time to time. Havells

shall provide equipment that can be used to upgrade the ITI training infrastructure as per the industry requirement. Also, it will provide training assignments as well as training materials to the ITI for training the students.

BPIBS focusing on Entrepreneurship Development

BPIBS has been selected as one of the privileged institutions to undertake Pradhan Mantri Yuva Yojana, the flagship Scheme of the Ministry of Skill Development (MSDE) aims at creating an enabling eco-system for entrepreneurship development through entrepreneurship education and training, advocacy and easy access to entrepreneurship support network and promotion of social entrepreneurship. BPIBS is striving hard to by organizing workshops, expert Talks and orientation programmes for students at regular intervals to develop the entrepreneurial spirit among students. With the setting up of the Incubation Center at BPIBS, many students of B.Voc, BBA, MBA, MCA have exhibited their passion and inclination towards entrepreneurship.

Leadership Award

Manoj Kumar (BCA, 3rd Semester) student of Ambedkar Institute of Technology was awarded the "Special Student Leadership Grant Award-2017" from Optical Society of America (OSA) -USA and Okinawa Institute of Science and Technology, Japan.

Through this award, Kumar got the opportunity to participate in the largest student driven and prominent International OSA Annual Meet IONS Okinawa-2017 held from 23-28th October in OIST, Okinawa, Japan.

Manoj met Nobel Laureate & Former US Secretary of Energy Dr Steven Chu, American physicist who shared the Nobel Prize in Physics in 1997, for developing methods to trap and cool atoms using lasers. Manoj also had discussions with Dr Jean Lau from Stanford University, Dr Franke-Arnold from University of Glasgown-UK, Dr Michimura from University of Tokyo and many more eminent personalities.

Workshop on Women Empowerment

An exclusive workshop was conducted by M/s CEQUIN (an NGO working in the field of Women Empowerment) in the Institute for all the girl trainees of ITI AKS. The major focus of the workshop was to sensitize the girls about the issues such as discrimination against girls, domestic violence, how to grab the career advancement opportunities etc. Girl trainees from various trades attended the programme and also registered on "Pankh Portal" for further guidance by M/s CEQUIN.

NEWS BRIEF

Ambedkar Institute of technology's BCA students won silver medal in Tug of War during Annual sports meet of GGSIPU.

22 students of Welder trade from HJ Bhabha ITI Mayur Vihar joined M/S JBM Ltd at Manesar after their 15 days advanced welding training at Fornius skill centre.

A semi-permanent structure building for BVoc programme was inaugurated at MBIT.

Incubation & Sports Pharmacy Centre at DPSRU

The first Sports Pharmacy Centre 'ASSRM' and the Incubation Centre at Delhi Pharmaceutical Sciences and Research University (DPSRU), Saket was inaugurated on October 17 by the Deputy Chief Minister Manish Sisodia. DPSRU is the first University in India dedicated to the Pharmaceutical Sciences and perhaps second in the World with around 1000 students on roll.

DPSRU is perhaps the first in the world to start a degree course in Sports Pharmacy with 80 students admitted in the very first year. The Academy of Sports Science and Research Management (ASSRM), First Sports Pharmacy Centre provides the requisite support in terms of nutrition, psychology, medicine, pharmacology, physiology, bio-mechanics as well as other branches of sports sciences. This academy can help students in achieving their dreams to work in the sport industry, thereby resulting in the growth of the overall sports industry in India.

Sharing his vision, Dy CM said, "We expect DPSRU to be established as a model pharmacy centre in the world, which would identify and bridge the gap in the drug industry. Research and innovations should be its top priority. A lot of money has been invested on institutions like DPSRU, and the pass out students needs to think as to what it can give it back to the society."

Education Secretary Ms Punya Salila Srivastava said that right from the inception of the University, the expectations have been high and the way the building has come up, new courses introduced, intake capacity increased and the way research is progressing, it is commendable.

This University became functional by the Government of NCT of Delhi on 22nd September 2015 with Delhi Institute of

NEW ACADEMY: Dy CM at Sports Science Centre

Pharmaceutical Science and Research (DIPSAR) as the constituent college that has strong legacy of being started in 1964 and upgraded to research institute in 2004. After getting the status of University, the intake capacity of the Diploma, UG and PG/Ph.D. courses increased from 180 and 35 in 2014-15 to 400 and 120 in 2017-18 respectively.

The Innovation and Incubation Foundation (DIIF) has four start ups on Air mask, Cold chain management solutions, Novel product for diabetic foot ulcer and Sports medico.

This year the students of DPSRU got prizes at the State level in various events like Youth Rock Band (1st Prize), Nukkad (1st Prize), Dance (1st Prize) and debate (1st Prize). To promote academic excellence, the students of all branches were awarded on the occasion.

Prof Ramesh K Goyal, Vice Chancellor welcoming the guests briefed about the activities of DPSRU. Vote of thanks was proposed by Prof Harvinder Popli, Principal, School of Pharmaceutical Sciences.

LIFE TIME ACHIEVEMENT AWARD

Association of Pharmacy Professionals honoured Prof Ramesh K Goyal, Vice-Chancellor, Delhi Pharmaceutical Sciences and Research University with the "Life Time Achievement Award 2017" during IKG PTU sponsored National Conference on "Challenges and Future Vision in Phytomedicine: An Alternate To Modern Medicine" at GHG Khalsa college of Pharmacy, Gurusar Sudhar (Ludiana), in collaboration with Association of Pharmacy Professionals (APP).

RECOGNITION: Prof Goyal receiving the award

MOU WITH STRAVOPOL STATE MEDICAL UNIVERSITY

Prof Ramesh K Goyal, Vice-Chancellor, Delhi Pharmaceutical Sciences and Research University (DPSRU), New Delhi signed an MoU with Stavropol State Medical University (StSMU), Russia for various academic and research activities including faculty exchange programme. Recently both universities were successful in getting project from DST-SERB (VAJRA) for the "Development, characterization and application of skin regenerative potential of Regenerin incorporated nanocarrier(s)".

Prof Ramesh K. Goyal, Visited three universities namely Moscow State University, Stavropol State Medical University, Charkish University in Russia and discussed possibility of joint projects for student and faculty exchange, designing of joint courses and to collaborate research projects.

BEYOND INDIA: MoU with StSMU, Russia

Mercedes Benz to run the course at GB Pant IoT

India's largest luxury car manufacturer Mercedes Benz India will run a one-year Advance Diploma in Automotive Mechatronics (ADAM) at Delhi Govt run GB Pant Institute of Technology to educate the Delhi youth with the latest technology making them employable. The course will prepare the youth with expertise in mechanical, electronics and informatics as well as in other modern automation technologies.

Deputy Chief Minister Manish Sisodia exchanged the Memorandum of Understanding (MoU) to this effect with Managing Director & CEO, Mercedes-Benz India Ltd (MBIL), Roland Folger at Delhi Secretariat on October 25. "The Delhi government is making all efforts to bring in the best of global companies to impart knowledge and provide hands on experience to our students so that they do not lag behind with any of their competitors in the market", said Manish Sisodia.

The Mechatronics training school at Mercedes-Benz India was started in 2002 with the aim of providing trained service personnel and engineers. "India has a large youth demographic which gives the country a unique edge over other markets. However, to sustain this competitive edge, there is an urgent requirement to make this educated youth, skilled, employable and ready for the industry. We have taken this initiative to make sure that India's youth are prepared with the right skill set and knowledge to face new challenges and conquer them," said Roland Folger.

To start with, only 20 students per centre qualify to take the course every year. The one year ADAM course will contain basics of Automobile Engineering, Electrical & Electronics Technology, advance automobile systems, its diagnosis, practical hands on experience on MB car, MBIL factory visit etc. The course shall be conducted in English language. Minimum eligibility criteria for pursuing the course is Diploma (10+3)/BTech or B.E., followed by an entrance test.

Initially for the first batch, a specialist trainer from MBIL shall visit GBPIT for three days in each quarter for supporting the smooth conduct of ADAM course whose expenses shall be fully borne by MBIL. Minimum of two members of regular faculty of the GBPIT shall be trained in the course at MBIL initially for minimum nine months under the supervision of MBIL specialist trainer. For every candidate a maximum of two repeat/supplementary attempts to pass the ADAM course will be allowed.

Under the MoU, MBIL will donate one unit of Mercedes Benz car for training along with training engines, gearboxes, training components and other special tools required for training aggregates will be provided by MBIL for training purposes. The comprehensive course most likely shall commence from academic year 2017-2018.

AUTOMOTIVE GIANTS: MoU documents being exchanged

New Block at IIIT-D

A Ground plus seven storeyed Block became operational for academic purpose at Indraprastha Institute of Information Technology, Delhi (IIIT-D). Ms Punya Salila Srivastava, Education Secretary along with Kiran Karnik, Chairman, Board of Governors visited the new Block on October 31st. The new block is built up in an area of 19,769 Sq mt, comprising 4 X 100 seated acoustically treated classrooms, 116 faculty rooms, 58 laboratory spaces, 27 discussion rooms, space for faculty lounge and centres of research, large breakout areas, interaction and exhibition spaces.

Addressing the staff and students, Ms Punya encouraged them to set up a global standard of learning at IIIT-D so that others can follow it. She emphasised the need for more of creativeness in the research activities and making use of the facilities at the Incubation Centre. Director Prof Pankaj Jalote appreciated the efforts of staff and the Delhi Government for the timely help and support.
