EMERGENCY SERVICE

An emergency service for Acute Cardiac (Acute Heart patients) and Acute Brain Stroke patients has been started since October 2011. All emergency services are provided free of cost. These emergencies services are available round the clock on all days including Sunday and Holidays. Emergency ward has two triage beds and there is a 12 bedded ICU with all the modern medical facilities

**Location:** Ground Floor, Block D, G. B. Pant Hospital, Entry from Gate No.6

**Contact No:** 011-23237253. 011-23233001- Ext 5701, 5702

**OPD services [Daily except Sundays & Holidays]:**

**Entry from Gate No: 7/8**

- Inquiry main reception Gate No-6
- Wheel Chair Room No: D-Block near D-B Gate.
- Patient's attendant is given wheel chair/ patient's trolley for use in OPD.
- Identity card/ driving license/ election card is kept as security.
- Identity card/ driving license/ election card are returned back when the wheel chair/ trolley is brought back to D-Block near D-B Gate.
- Pharmacy (Medical Distribution): Counter No: 1 to 9 (1st to 3rd floor D-Block)
- Psychiatry OPD: - Room No 04, Old OPD building.
- Psychiatry pharmacy: -Pota cabins, opposite gate No 8 old pharmacy.

**Morning OPD:** (Monday to Saturday)

**New Registration Timings:**

- Monday to Saturday 8.30 - 11.00 AM.

**Old Registration Timings:**

- Monday to Friday 8.30 - 12.00 AM.
- Saturday 8.30 to 11.30 AM.

**OPD Timings:** Daily OPD 9.00 A.M. To 1.00 P.M

- Afternoon OPD (Special Clinics): (Monday to Friday)
- Registration Timings: 1:30 PM to 3:00 PM
- Special Clinics Timings: 2:00 P.M to 4:00 P.M

Laboratory Investigations: (Biochemistry, Microbiology, Pathology)

- Lab Timings: Emergency Lab function 24 hours on all days i.e. 24x7 D-Block Room NO-125
- Reliability and promptness of laboratory results is ensured as tests are done by automatic machines.
- Reports are made available within the shortest time possible.
BIOCHEMISTRY DEPARTMENT

Turnaround time for the tests in the Department of Biochemistry

- Ward reports are ready within six hours of receipt of sample in the Lab.
- Emergency reports are made available within two hours of receipt of the emergency sample.
- OPD samples are processed during the day and the reports are dispatched in the morning on the next working day.
- Reports for special tests are ready within the stability period of the sample for the test and are delivered in person to the OPD patients. Special test reports of indoor patients are sent to the respective wards at least after 24 hours of receipt of the sample. Urgent reports are provided as per the requirement of the treating consultants.
- Venue for sample collection: Room 125 in D block for OPD Patients and Room 129 in the same block for indoor patients.
- Timings for Sample collection in OPD: Monday to Friday:- 8.30 AM to 12 Noon. Saturday:- 8.30 AM to 11 AM
- Timing for collection of samples from wards: Routine Samples: - 9 AM to 1 PM. Emergency Samples:- Round the clock for glucose, urea, electrolytes, bilirubin and prothrombin time only.
- Charges: No charges for OPD patients. No charges for BPL patients and patients admitted to general wards. Patients admitted to special wards are charged for the tests as per the guidelines of the Govt of NCT of Delhi.

➢ The activities where there is direct or indirect interface with the citizens

a). Blood Collection Area: The waiting time for the patients in Blood Collection Area is long because of less number of stations for sample collection. But at the same time, no more collection station can be added in the present collection area D 125

b). Window in D-129: The window is used for giving dates for special tests and for giving duplicate reports of Biochemistry tests. Many patients turn up for duplicate reports because they are not able to get the same from the respective departmental record rooms due to lack of sorting of reports in OPD record rooms. Often requisition slips filled for tests don’t have OPD name, OPD No, patients name etc. Sometimes the information on test request forms is not legible.

c). Non availability of report from OPD record room results in inconvenience to patients and also increases load of lab in giving duplicate reports

d). The satisfaction of the patient can be greatly improved if turnaround time in giving sample reports is further reduced. This can be done by introducing hospital information system (HIS) and lab information system (LIS) where in the reports can be retrieved on line. Along with this, the facility for printing of reports should be available in the labs. Currently we are writing all reports by hand which takes more time to report and may sometimes need to transcription errors.

e). The waiting time for special reports is around one week now, because the lab is under staffed and there is huge increase in demand for special tests year after year. So the strength of staff and equipment should also be increased. This has been requested for, even in the past.
ii) For above point number ‘a-c’ can be solved by OPD in charge. Time frame for correction of this problem depends on availability of staff with him. For point no ‘d’ the starting of LIS depends on the implementation of HIS as they will be interlinked. For point number ‘e’ the long waiting time can be reduced by increase in the staff strength.

iii) Additional resources required is implementation of LIS, HIS, staff strength (for shortage of staff, the additional strength required has already been submitted). For additional instruments the demand has already been raised from time to time.
A. Details of Services delivered by the Department of Microbiology GBPH).

The following procedure is followed to provide services to the patients in the Department of Microbiology.

Indoor and outdoor patients are being sent from different departments of the hospital for various tests.

- Samples received.
- Samples processed.
- Reports prepared.
- Reports are dispatched to the concerned patients and departments for further medical correlation.

Diagnostic Facilities:

Sample Profile - Clinical samples obtained from both indoor and outdoor patients of various clinical departments of G.B. Pant Hospital are tested.

Diagnostic divisions of the Department – Bacteriology, Immunology, Serology, Mycobacteriology, Mycology, Parasitology, Media room

Facilities are available for routine diagnostic and advanced diagnosis of various clinical infections.

Bacteriology – Facilities for Diagnosis of Upper and Lower Respiratory Tract infections.

Wound infections, Device related infections, Urinary tract infections, Genital tract infections, Central Nervous infections, Post operative infections, Blood stream infections.

Opportunistic bacterial infections, Diarrhoeal diseases and Sexually Transmitted Diseases.
Following new tests have also been introduced for the patients:-

i) Automated identification of GPC and GNR and yeast & sensitivity testing by Vitek.
ii) Immunofluorescence testing for ANA, ds DNA, AMA, ASMA, pANCA, cANCA.
iii) IF tests for Autoimmune disorders.

**Reporting:** Reports are made available to the concerned as per different process timings of the tests.

#### B. Test available with turn – around time :

1. **DIRECT MICROSCOPY AND GRAM STAIN:-**

   **Time taken for reporting:** Within 24 hours

   **SAMPLE:** - Urine, Stool, Pus, CSF, Sputum, Tissue, Vegetations, Drain Fluid, Bile, Peritoneal Fluid, Pleural Fluid, Pericardial Fluid

   **Direct Microscopy:** - Wet Mount, Iodine Mount, India Ink, KOH Mount & LCB.

2. **AEROBIC CULTURE AND SENSITIVITY OF BACTERIA:**

   - Time taken for reporting: 72 Hours-96 hours (3-4 days)

   - **CLINICAL SAMPLE:- Blood, Pus, Ascitic/ Pleural / Pericardial fluid, Drain Fluid/ CSF, Sputum / Endotracheal/ Aspirate Tracheostomy/ BAL fluid, Urine/ Central line / Shunts, Stool/ Rectal swab, Nasal/ Conjunctival swab, Throat swab.

3. **FUNGAL CULTURE:-**
• Time taken for reporting: 7-10 days

• Clinical samples: Blood, Pus, Vegetation, Tissue, CSF, Sputum/ BAL fluid, Throat swab, Nail, Hair, Skin scrapping, Urine, stool.

4. PERIPHERAL BLOOD SMEAR - Malarial Parasite/ Microfilaria.

• Time taken for reporting: Within 24 hours

5. AFB STAINING

• Time taken for reporting: Within 24 hours
• Clinical Samples:-
  1. Sputum, BAL
  2. Pus
  3. CSF, Lymph node aspirate

6. Modified AFB staining for Cryptosporidium & Isospora in stool- Within 24 hours.

7. SEROLOGY: - Blood /Plasma/ Serum sample:-

***************

C. Hospital Infection Control Cell and Biomedical Waste Management Cell form an important part of the Microbiology department.

The various activities of the Hospital Infection Control Cell involves :-

a) Monitoring of hospital infection and formulating infection control measures as a part of the Hospital infection Control programme.
b) Surveillance of post operative wound infections, SSI, CRBSI, CRUTI in various ICUs in coordination with the Infection Control Nurses.
c) The infection control team provides advice and guidelines on safety measures in prevention of cross infection in ICUs.
d) Recommendations regarding Antibiotic Policy and guidelines.
e) Monitoring of CSSD functions by Biological Indicators.
f) Hands on Training of different categories of staff regarding infection control measures to be followed.
g) Monitoring of Hand washing practices.
h) Formulation of disinfectant policy and regular testing of disinfectants.
i) Ongoing Hepatitis B immunization programme for Health care workers.

***************

D. The various activities of the Biomedical Waste Management Cell involves :-

a) Monitoring of Biomedical Waste Management Programmes of the hospital.
b) Induction training of various categories of Staff about BMW.
c) Regular rounds of the Hospital to observe BMW management practices in various departments, OTs, ICUs, wards and OPDs.
d) Monitoring of Segregation, Transport from Wards to Site of waste disposal and final disposal.
e) Formulation of BMW disposal policy.

***************
PATHOLOGY DEPARTMENT

Urine

Blood

Fluids

Reports are made available: The reports of 1,2,3 (urine, blood & fluid) will be available by 4.00pm on the same working day if the samples are received up to 1:00pm. Saturday- Reports will be available by 1.00pm if the samples are received by 11.00 am.

Histopathology:

- Small Biopsy - 4 Working Days
- Large Biopsy - 6 Working Days

FNAC & Cytology - 24 Hours

Frozen Sections/ Smears for Intraoperative Diagnosis - Immediate Report

Auto Immunity - 7 Working Days

Enzyme Histochemistochemistry for Muscle Tissue - 7 Days

Tests Available in the Evening & night: Room no. 125, first floor, EDP block

Urine - Routine & microscopy

Blood - HEMOGLOBIN/ PCV/ HEMATOCRIT/ TLC/ DLC/PLATELET COUNT/ RBC’S/ MCV/ M.C.H/ MCHC/ BT/ CT /RETIC COUNT/ESR

Venues:-

Blood & Urine: Blood collection Centre, Room no. 125 first floor, EDP block.

Cytopathology samples: Room no. 132, first floor D- Block.

Histopathology samples: Room no. 320/319, third floor, Academic block

Timings: Blood & Urine: 8:30 - 1:00 pm, Monday to Friday and 8:30 - 11:00 am, Saturday

Histopathology & Cytology: 9am - 4pm (Monday to Friday) and 9am - 1pm (Saturday)

1. Facilities and tests offered by Pathology Department.

   All tests are done free

   A) HISTOPATHOLOGY-

      Time Taken for reporting ; **72 hours/3 days**

      TESTS PERFORMED:

      1. Histopathological examination of biopsies and surgical specimens-
         Routine H & E and histochemistry.

2. FNAC & CYTOLOGY
Time taken for reporting - **24 hours/1 day**

Cyto centrifuge cell button preparation

Time taken for reporting - **24 hours/1 day**

3. **ENZYME HISTOCHEMISTRY FOR MUSCLE TISSUE**

   Time Taken for reporting - **04 days**

4. **IMMUNOHISTOCHEMISTRY**

   Time Taken for reporting - **04 days**

5. **IMMUNOFLUORESCENCE**

   Time Taken for reporting - **1 WEEK**

6. **FROZEN SECTIONS/SMEARS FOR INTRAOPERATIVE DIAGNOSIS**

   Time Taken for reporting - **10-15 minutes**

7. **ELECTRON MICROSCOPY**

   Time Taken for reporting - **15 days**

8. **AUTO IMMUNITY**

   Time Taken for reporting - **1 WEEK**

   TESTS PERFORMED

   a. -ANA

   b. -ds DNA

   c. -C-ANCA

   d. -P-ANCA

   e. -Nuclear Antigen line assay

   f. -Anti LKM

   g. -Ant Sm

9. **URINE FOR ACTIVE SEDIMENTS**

   Time Taken for reporting - **12 Hours**
B) CLINICAL PATHOLOGY LAB

Time Taken for reporting – **12 Hours**

TEST PERFORMED

1. Hemoglobin
2. PCV/hematocrit
3. WBC
4. Differential leucocyte count
5. Platelet count
6. Reticulocyte count
7. RBC's
8. MCV

NEUROLOGY DEPARTMENT

Test available in Department:

- EEG
- EMG
- EP
- NCV
- Video EEG

Venue: Room No 333-335 3rd floor ND A Block ------ EEG/ EMG/ EP/NCV ,
E.M.U Room, Ward 10 / 2 Floor, A Block ---------- Video EEG.

Timings: 9am-4pm

Appointments given in the above mentioned venue For OPD/ routine cases- Dates of Appointment 4-6WKS for EEG.
3-4WKS for EMG, NCV,EP

For admitted patients - Date is given as per the urgency of the case.

For video EEG- Date is decided as per patient profile and surgical indication.

Charges: Free of cost except for Nursing Home patients. Charges are as per the guidelines of Govt of NCC of Delhi.

Reports: Reports of EMG, NCV and EP are ready immediately after the test.

Report of EEG is prepared within a week
Blood Bank Department

Nature of Services

- Blood collection from Voluntary and Replacement donors- Only for GBPH indoor Patients.
- Screening of blood for TTD-Only of collected Blood at GBPH Blood Bank.
- Blood Grouping & Cross Matching- Only for GBPH indoor patients.
- Preparation of Blood components.
  - Blood Components prepared are
    - Platelet Rich Plasma
    - Platelet Concentrate
    - Packed Red Blood cells
    - Fresh Frozen Plasma
    - Cryo Precipitate
- Issue of Blood and Blood Components- 1) Issued only to GBPH indoor patients.
  2) To outside patients, only through R.B.T.C. or other Govt. Blood Banks.
  3) Platelet Preparations are the only blood Components being directly issued to out side patients.
- Donor Apheresis-1) Platelet Pheresis. 2) Plasma Pheresis.- These procedures are only
  for GBPH PATIENTS.
- Therapeutic Cytapheresis (Located at Neurology Dept.-ICU 6)- Only for GBPH
  patients.

All these above facilities are available free of cost for indoor and GNCTD patients
except Apheresis procedures. Payment being charged to Nursing home/Pvt. Hospital
Patients and for Apheresis procedures as per currently prevailing GNCTD rules.
**Working hours:**

- 24x7 Operation: the Main Lab is open 24 Hours on all days for Blood grouping, Cross matching and issuing of Blood and Blood Components to indoor patients and Platelets products to even outside the hospital.

- Blood donation services:

  1. Blood collection from donors for all routine surgical procedures for transfusion is done from 09:00 AM to 04:00 PM through Monday to Friday and 09:00 AM to 01:00 PM on Saturdays & half days, with blood donor screening time up-to 12:30 PM in morning session and from 02:00 PM to 03:30 PM in post lunch session. On Saturday & half days the donor screening time is 09:00 AM to 12:30 PM.

  2. However, blood from donors for emergency transfusions (Blood being issued from emergency lab) is collected till 09:00 PM, on all working days and till 05:00 PM on Saturday & half days.

**Documents Required for various services:**

1. For Replacement Blood Donation: Written request Slip from Treating Department, GBPH

2. For issue of Blood & Blood Components: Blood requisition form from Treating Department, GBPH. Outside patients should get the requisition forms referred from the Regional Transfusion centres. For Platelets, outside patients must provide requisition form from their Nursing Home/Hospital with proper stamp and signature of the Treating Clinician.

3. Donor Apheresis: Donor Apheresis Requisition form from Treating Department/Hospital

4. Therapeutic Apheresis: Referral for Therapeutic Apheresis by Treating Department

**Charges for various Services:**

All charges are as per the guidelines provided by the GNCTD, H &FW DEPT.

1. Free provision of Blood and Blood components to the patients from General Wards in GBPH. Patients from General Wards of other Government Hospitals who are referred by Regional Transfusion Centre will also be provided Blood and Blood components free of charge.

2. Processing fee of Rs. 850 per unit of Blood and Rs.400 for Blood Components for the patients from Private ward / Nursing Home of GBPH.

3. Processing Charges for Platelet pheresis for all patients from GBPH Nursing Home & Private Hospital/Private Nursing Home is Rs. 1000 per sitting. In addition to these charges, all Patients not producing BPL ration card have to replace the Kit. In case the patient is not able to procure the kit, a payment of Rs.6500 has to be paid to the Hospital.

The above said charges have been revised by “NBTC”. The order for revision of charges for blood & blood component from “SBTC” are awaited. This information shall be implemented and updated accordingly.
**TURN AROUND TIME**

1. Donor screening
   - 5-10 minutes

2. Donor counseling
   - 5-10 minutes

3. Donor bleeding, observation & Refreshment
   - 20-30 minutes

4. (a) Patients Blood Grouping, Cross Matching & issue of blood /component (Life threatening situations)
   - 5’-10” minutes

   (b) Patients Blood Grouping, Cross Matching & issue of blood /component-emergency situations
   - 30 minutes – 1 ½ hours
   (depending upon clinical condition).

5. Patients Blood Grouping & Cross matching elective procedures
   - • 24 hours on all working days
   - • 48 hours after intervening Sunday & holiday

6. Transfusion Transmitted
   - As above
   - Infection

7. Aphaeresis
   - • Donor screening 30 minutes
   - • Relevant test (as in column 5)
   - • Procedure time 40- 90 minutes depending upon Platelet count

(1) Money for booking of the Ambulance/ Hearse Van is collected by the Cashier between 9.30 to 3.30. Monday to Friday at 9.30 A.M to 12.30 P.M. on Saturday.
(2) Money, after office hours would be collected by the Reception office as is being done in the case of collection of charges for CT Scan & Nursing Home etc.

(3) The above facility is strictly on pre-paid basis. The driver will ensure that the payment of the Ambulance Service has been deposited in advance before the commencement of the journey.

**Treatment facility for staff**

- There are Six Beds for the staff.
- All treatment is free
- Staff Clinic: (Near Reception)
- Timings: 9 am to 4 pm daily, 9am to 1 pm Saturday
Public Guidelines & Grievances:

- Redressal Cell. Room No-623, 6th floor Academic Block.
- There will be occasions when our services will not up to your expectations. Please do not hesitate to register your complaints. It will only help us serve you better.

  (1) There is a designated committee whose name and location is displayed in the hospital for attending to all grievances. Every grievance is duly acknowledged. We aim to settle your genuine complaints within 10 working days of its receipt.

  (2) If we cannot, we will explain the reasons and the time to resolve the problems/grievances.
  (3) Suggestions/ Complaint boxes are also provided at various locations in the Hospital.
  (4) The hospital grievances committee meets as & when required. A public grievance committee exists in DGHS for issues which are not resolved within the hospital.
  (5) Name, designation and telephone number of the officials concerned is duly displayed at the Reception.
